Meeting Protocol

Date: 2015-05-27
Facilitator: Johan Tobin
Participants: Johan Tobin, Jesper Olsson, Armand Ghaffarpour

Objectives (5 min)
- Writing SDD and RAD
- Code refactoring and clean-up
- Possibly add some more test coverage
- Create executable file
- Start working on presentation

Reports (15 min)
- This is a spontaneous meeting with no predetermined time. Therefore Simon is absent due to personal duties.
- The last functionality has been implemented
- Refactoring is almost done
- More test coverage has been added

Discussion items (35 min)
- What should be our biggest priorities these last days?

Outcomes and assignments (5 min)
- Finishing RAD and SDD is the most important part left
- All should
  - Write RAD and SDD
  - Clean up code
- Jesper should add more test coverage
- Armand should try to create an executable file
- Johan and Simon should start preparing presentation

Wrap up
- Next meeting on Friday 2015-05-29
